A Nautical Odyssey An Illustrated

A Nautical Odyssey is a well-produced book and the publishers have done Bell proud to have invested in such a quality production. Combing Bell's marine painting with maritime and naval history during the sailing ship period is an interesting way of getting marine art across to a wider audience.

Perhaps this book should be titled David C Bell's nautical odyssey. Other reviewers have also found the writing wanting, but have largely enjoyed the book, as I did.

Issuu

Over many years David's paintings had featured maritime subjects. Indeed his first four books, which have received critical acclaim, include A Nautical Odyssey An illustrated maritime history from Cook to Shackleton.

For both power boats and sail boats it may be an average of about 15 0 midships. With power boats, where the deadrise difference is typically more pronounced, it might be some 25 0 or more at the bow (called the deep vee), to drop to some 12 0 or less at the stern. deck - the nautical equivalent of the floor.
