Africa Independence Nugent Paul

Paul Nugent's Africa Since Independencedeals excellently with the problem by taking a thematic approach in which the main features of African history are considered within a broadly chronological structure. Although it is a scholarly work that addresses the arguments of other authorities, it also provides a clear narrative account of African experience that is interesting to informed general readers."--

Paul Nugent - University of Edinburgh

In *Africa Since Independence*, Paul Nugent traces the trajectories of sub-Saharan African states from their post World War II anti-colonial movements, a time of hope and optimism, through the early twenty-first century, when many of them, with newly created quasi-democratic institutions, were recovering from state collapse and economic crisis.
