In addition, the U.S. Department of Energy may designate other fuels as alternative fuels, provided that the fuel is substantially non-petroleum, yields substantial energy security benefits, and offers substantial environmental benefits.

### Alternative Fuels Data Center: Alternative Fuel Definition

Several emerging alternative fuels are under development or already developed and may be available in the United States. These fuels may increase energy security, reduce emissions, improve vehicle performance, and stimulate the U.S. economy. Some of these emerging fuels are considered alternative fuels under...

### Alternative Fuels Data Center: Emerging Fuels

Alternative Fuels. Alternative fuels are derived from sources other than petroleum. Most are produced domestically, reducing our dependence on imported oil, and some are derived from renewable sources. Often, they produce less pollution than gasoline or diesel. Ethanol is produced domestically from corn and other crops.

### Alternative Fuels - Fuel Economy

Ethanol is a widely used renewable fuel made from corn and other plant materials. It is blended with gasoline for use in vehicles. Hydrogen. Hydrogen is a potentially emissions- free alternative fuel that can be produced from domestic resources for use in fuel cell vehicles.

### Alternative Fuels Data Center: Alternative Fuels and ...

'Alternative Fuels', as per Directive 2014/94, means fuels or power sources which serve, at least partly, as a substitute for fossil oil sources in the energy supply to transport and which have the potential to contribute to its decarbonisation and enhance the environmental performance of the transport sector.

### Alternative Fuels - EMSA - European Maritime Safety Agency

This study assesses the prospects for seven alternative fuels for the shipping sector in 2030, including biofuels, by applying a multi-criteria decision analysis approach that is based on the estimated fuel performance and on input from a panel of maritime stakeholders and by considering, explicitly, the influence of stakeholder preferences.
