This paper surveys the research methods and approaches used in the multidisciplinary field of applied language studies or language education over the last forty years. Drawing on insights gained in psycho- and sociolinguistics, educational linguistics and linguistic anthropology with regard to language and culture, it is organized around five major questions that concern language educators.

Language and Culture | Claire Kramersch

Language teaching is often dumbed-down and reduced to a matter of simply applying the currently-accepted methodology; Kramersch has revealed that language teaching can be (and should be) an intellectual endeavour. She has done nothing less than to revolutionize the nature of the field. We have everything to thank her for it.
