### **Income Tax Course | H&R Block®**

Although many states closely link their corporate tax to the federal income tax, some states impose other types of corporate taxes in lieu of a net income tax. This course reviews the basic principles of multistate corporate income taxation, including nexus, computation of state taxable income, apportionment, combined and consolidated reporting, and tax-planning strategies.

For those latter taxpayers, and for state taxing authorities, the Multistate Tax Commission (MTC) developed the concept of "factor presence nexus" in October 2002. It was stated at the time to be "a simple, certain and equitable standard for the collection of state business activity taxes." Fast-forward to November 2016.
