Ok to reset the clock you need to turn the power supply to the oven off for about 30 seconds. Then turn the power back on. Then press and hold the 2nd and 3rd button on the clock from left to right at at the same time turn the end button till the time is set. Let me know if this sorts it out. Regards.

**How To Set The Time On My Neff B-Ap227 Oven?**  
If your clock is flashing it may be due to a power cut or the cooker has been turned off and back on again, the clock not being set can cause the whole oven to stop working which is crazy but true. This is a very easy fix though, this video shows you how to reset the clock to get the oven working again.
