## **The Moral Economy of the Peasant: Rebellion and ...**

The Moral Economy is a good, but ultimately impractical, book. It's great in questioning the mechanistic view of incentives that most economists bring to policy-making. It provides a sound mix of theory, evidence, anecdote and philosophy to make its case.

## **The Moral Economy: Why Good Incentives Are No Substitute ...**

"Profoundly thoughtful, vastly knowledgeable, The Moral Economy is a lucid and persuasive diagnosis of what makes a society work, or helps a society work, or keeps it from working, for the benefit of the people."

## **The Moral Economy - University of Michigan Press**

The Moral Economy of COVID-19. The initial COVID-19 outbreak, first identified in southern China in December 2019, subsequently spread throughout Asia then westward into Iran and Europe, across the Atlantic to the US, and more recently southward into Latin America and the sub-Saharan region to become a full-blown pandemic.

## **The Moral Economy of COVID-19 | Duke Cultural Anthropology**

"The basic architecture of The Moral Economy has a classical leanness and clarity. Its major premise is that, in the face of the unpredictable and largely uncontrollable violence of natural and man-caused calamity, traditional peasant communities are everywhere obsessed with the problem of survival. . . .

through public attitudes, laws, and economic practices. We have made our peace, so to speak, with a moral economy of speculation. I think this has been a mistake. We should not embrace a moral econ - omy of speculation uncritically. The most obvious reason is practical: as the financial crisis of 2008 showed, an economy in which some people make

## **The Moral Economy of Speculation: Gambling, Finance, and ...**

In *The Moral Economy* Samuel Bowles explores the details of this and its broader implications, "the policy paradigm of synergy between incentives and constraints, on the one hand, and ethical and other-regarding motivations, on the other".

together, can be said to constitute the moral economy of the poor. An outrage to these moral assumptions, quite as much as actual deprivation, was the usual occasion for direct action. While this moral economy cannot be described as "political" in any advanced sense, nevertheless it cannot be described as unpolitical

## **The Moral Economy of the English Crowd in the Eighteenth ...**

A moral economy is an economy that is based on fairness, and justice, as opposed to one where the market is assumed to be independent of such concerns. Moral economy is generally only stable in small, closely knit communities, where the principles of mutuality.

## **Moral Economy is driven by moral obligations created by ...**

In "The Moral Economy of the Crowd" Thompson puts his theory this way: It is possible to detect in almost ever eighteenth-century crowd action some legitimising notion. By the notion of legitimation I mean that the men and women in the crowd were informed by the belief that they were defending traditional rights or customs; and, in general, that they were supported by the wider consensus of the community.
