### True Enough Learning To Live

"True Enough: Learning to Live in a Post-fact Society" is a lament for the widespread absence of impartiality in the public mind vis-à-vis major issues affecting the lives of Americans. In a rare departure from the norm the author states clearly (although very late in the book) what he is trying to do:

"True Enough" is filled with this sort of fascinating and illuminating detail. Political partisans probably ought to know that Farhad's results favor the left side of the aisle. Republicans, he shows, are more likely than Democrats to limit their media intake to sources they already agree with, a phenomenon called selective exposure.
